

C2 Financial to Host the Inaugural Founder's Cup on Sept. 24, Honoring the Late Ron Temko, a Transformative Figure in the Mortgage Industry

C2 Financial will honor its late founder, Ron Temko, on Wednesday, Sept. 24, by hosting the inaugural Founder's Cup. The Founder's Cup is a brand-new golf tournament celebrating the life and accomplishments of Temko, a mortgage industry icon. The event will also unite top-producing loan originators, mortgage professionals, and industry leaders from across the country.

The scramble-style tournament will be held on the South Course of the prestigious Omni La Costa Resort & Spa in Carlsbad, Calif. Attendees will compete for the inaugural Founder's Cup trophy while networking, connecting, and commemorating the legacy of one of the industry's greats.

"We are excited to kick off this year's inaugural golf tournament, honoring such an important and innovative figure in the mortgage industry," said David Temko, C2 Financial's Chief Executive Officer and son of the late Ron Temko. "It will be fulfilling and rewarding to see so many prominent mortgage and finance professionals competing, networking, and having fun on the golf course. It's a day our father would have enjoyed tremendously, and we look forward to continuing this tradition for years to come."

The tournament also kicks off a powerful week of mortgage industry connection and inspiration, leading directly into C2 Connect—C2 Financial's flagship originator-focused conference—and The Women in Mortgage Wellness Club, a gathering designed to support and elevate women in the mortgage space.

More information about the Founder's Cup can be found [here](#).

About C2 Financial

C2 Financial was built for loan originators who want more freedom, more options, and a platform they can trust. Backed by decades of combined leadership experience and a robust network of wholesale lenders, C2 gives originators the ability to offer competitive pricing on a wide range of loan options tailored to their clients' needs.
